Description: _____

The following conditions must be met concerning new or existing driveway installations or changes:

1. Driveway side slopes shall be of earth material.
2. NO concrete or bituminous side slopes shall be constructed.
3. Side slope grades shall be no less than 3 to 1 as per diagram below:

4. The culvert must be a minimum of five (5) feet from the property line and at right angles to the roadway.
5. The driveway pipe required is _____ diameter and _____ length; apron end walls must be installed on the pipe.
6. Once started, the work must be completed to the conditions stated within sixty (60) days.
7. Before submitting a permit application, the applicant shall set out stakes or flags to identify each side of the proposed installation.

BLACKTOPPING & CONCRETE OF DRIVEWAYS

Driveways must be tapered in such a way that the water is diverted to the side and not drained onto the Town highway roads. The approaches must be kept low enough to avoid winter snow removal problems.

CONDITIONS OF THIS AGREEMENT

In the performance of this work, I will comply with the terms and conditions of this permit that may be issued by the Town of Two Creeks Highway Department. This permit expires one (1) year from the date of approval.

The Town of Two Creeks reserves the right to correct any deficiencies that have not been addressed after the sixty (60) day inspection and shall charge all associated cost to the applicant.
